Profile

Before my career in employment and labour rights, most recently at the International Labour Organization in Geneva, I spent several years working in restaurants, a café and a hotel. I miss that work, and I want to go back to it and learn the craft of specialty coffee properly. In previous jobs, people have appreciated that I see what needs to be done without waiting to be asked, and that I am collaborative and considerate. I am used to busy shifts and international teams, I enjoy talking with guests, and I care about where coffee comes from and how it is produced.

Hospitality experience

Waitress

Apr 2016 – Aug 2018

Inferno Restaurant and Bar, Lund, Sweden

- Served guests in a fast-paced, high-volume pub and restaurant known for its lively atmosphere, craft beer selection and regular events like live music and quizzes.
- Handled table service, order-taking and POS systems while keeping the room warm, welcoming and organised during busy weekend shifts.
- Supported inventory management and stock ordering, and kept a smooth flow at the counter.
